Greetings and Best Wishes for a Happy New Year

To Start March of Dimes Early in '52

Observations...

By UDELL

HAPPY NEW YEAR

Is the sincere wish of the staff of the SEA COAST ECHO to all of you for the coming year . . . and may it bring us PEACE and the return to our way of life . . . Father Time of 1951 is taking his rightful place among the archives of the years as 1952 emerges into the limelight . . . The past year throughout the world has been one of constant turmoil . . . The communities which have not been touched by the struggle now going on are practically non-existent . . . Here in Bay St. Louis many of our sons and daughters are serving their country to put an end to the craving for power and control of frenzied rulers . . . Our greatest New Year's resolution should be PRAYERS FOR WORLD PEACE.

With the end of another year, citizens of Bay St. Louis can look back with pride over the progress their community has made . . . Our streets have been hard-surfaced, a new eight inch well drilled, a playground erected, a sand beach constructed, a reduction in taxes and a City that is operating on a cash basis . . . It is only through the cooperation of the citizens of our town with the officials that these things were made possible . . . Cooperation should be added to everyone's list of resolutions, and at the end of 1952, we will be able to look back and see more improvements, needed in Bay St. Louis, a reality . . . We hope that our businessmen will resolve to work in unison for the good of our County, and that every effort will be made to make Bay St. Louis the trading center for Hancock County . . . That John D. Smith will make every effort to help the present bridge in operation until such time as the new one is completed . . . And let us all remember that we, too, can make some resolution to aid in the civic enterprises which will redound to community good . . . Everyone should have the interest of his community at heart at all times.

While on the subject of development, Oc-Dolph, owner of Mauffray Dry Goods, is completely renovating his store . . . A modern and well-equipped department store will be the result . . . While construction work is going on, the business will continue operations, but, for the convenience of his customers, Mr. Delph has moved to the Mauffray building across the street . . . The only way our businesses can develop is to keep the money in Bay St. Louis by buying at home . . . This, and this alone, will help build a bigger and better community in which to live . . .

The American Legion has started building their public pier on the side of the Legion building . . . When completed, this will be quite an addition to the town, particularly in the summer months when so many visitors are over . . .

Students of St. Joseph Academy will not have to worry about getting their books together Wednesday morning as originally scheduled . . . The holiday period has been extended until Monday, January 7 . . . Know they won't mind this a bit . . .

More than 200 families were made happy Christmas morning when members of the Pere Le Duc Council of the Knights of Columbus and the Brother Peter Christmas fund organization delivered baskets . . . Other organizations in town delivered toys and several baskets . . . Other organizations in community . . . Christmas day would have been a sad one for the homes of many had it not been for these worthy groups who contributed their time and efforts in making the baskets and delivering them . . . They are all to be commended . . .

Mrs. Theo Tudury of Bay St. Louis was reappointed March of Dimes chairman for Hancock County, it was announced this month.

Mrs. Tudury will launch the March of Dimes drive in Hancock County two weeks earlier than usual this year because of the upward surge of polio. During the past four years, it has become increasingly difficult for the National Foundation for Infantile Paralysis to carry on its fight against the only epidemic disease still on the increase in America.

Starting January 2 instead of January 15, the 1952 March of Dimes will continue through the rest of the month. Local and national officials of the polio fighting organization hope that the doubled campaign period will be accompanied by doubled efforts on the part of volunteers and by increased contributions by all Americans.

The year, 1951, marked the fourth year in succession that the National Foundation went into debt providing patient care for the children and adults who fall victim to poliomyelitis. The 1951 debt was approximately \$5,000,000 and it was made up of little debts scattered throughout counties in 48 states. This means that the 1952 March of Dimes is already mortgaged for this amount before a cent is set aside for research or for the contingencies that lie ahead. All this has come about because of an increase in polio incidence which authorities believe will continue until the final answer to the disease is found in the form of a preventive or cure.

During the last four years, including an estimate of 25,500 cases in 1951, the nation has experienced its worst polio year in history. Not since 1948 has there been incidence to compare with the case loads of these last four years. In the four-year period ended in December of 1951, the nation had 132,000 cases as compared with 113,500 in the entire previous decade.

That's why local residents are being asked to contribute generously to the 1952 March of Dimes so that the March of Dimes can keep pace with the march of polio.

Does The Bay Have Outstanding Man?

Nominations for Mississippi's Outstanding Young Man of 1951 are being received.

Hancock County has not yet made a nomination.

Each year the State Junior Chamber of Commerce and its local Jaycee organizations ask the citizens of Mississippi to "look over" the crop of outstanding young leaders and submit their names for consideration as "Mississippi's Outstanding Young Man." Thirty seven nominations were made last year.

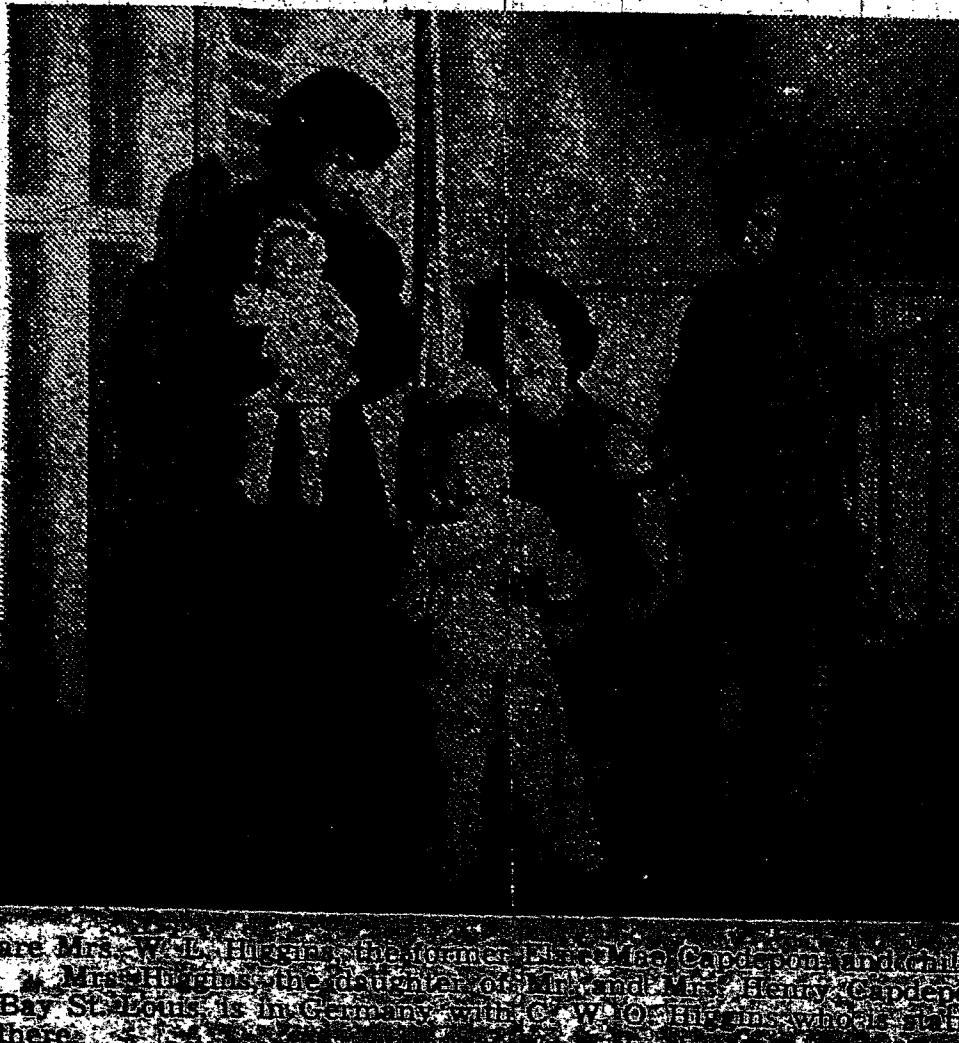

"The increasing interest in this Jaycee project is evidenced by the fact that in 1947 only five nominations were made," said V. A. Liberto, Laurel, state Jaycee chairman.

Liberto added that nomination in itself is considered an honor, and in a small way is a reward for outstanding service to community and state. "Only by recognizing and encouraging young leadership is it going to be possible to continue the great strides of progress being made by this state." It is hoped that every county in the state will submit their outstanding young man.

Everyone desiring to make a nomination for the Jaycee award is asked to contact their local Jaycee president or write Mississippi Jaycees, Box 1201, Jackson, for nomination blank. January 7th is the deadline for receiving nominations.

The young man selected by a panel of judges will be announced at a state-wide banquet in Jackson on February 2nd.
